

# Visualizing S&P500 Stock

## Tableau dashboard

Below you can find the visualization of all 500 Companies listed in S&P 500. Since we have the outlier (company symbol “BHF”).

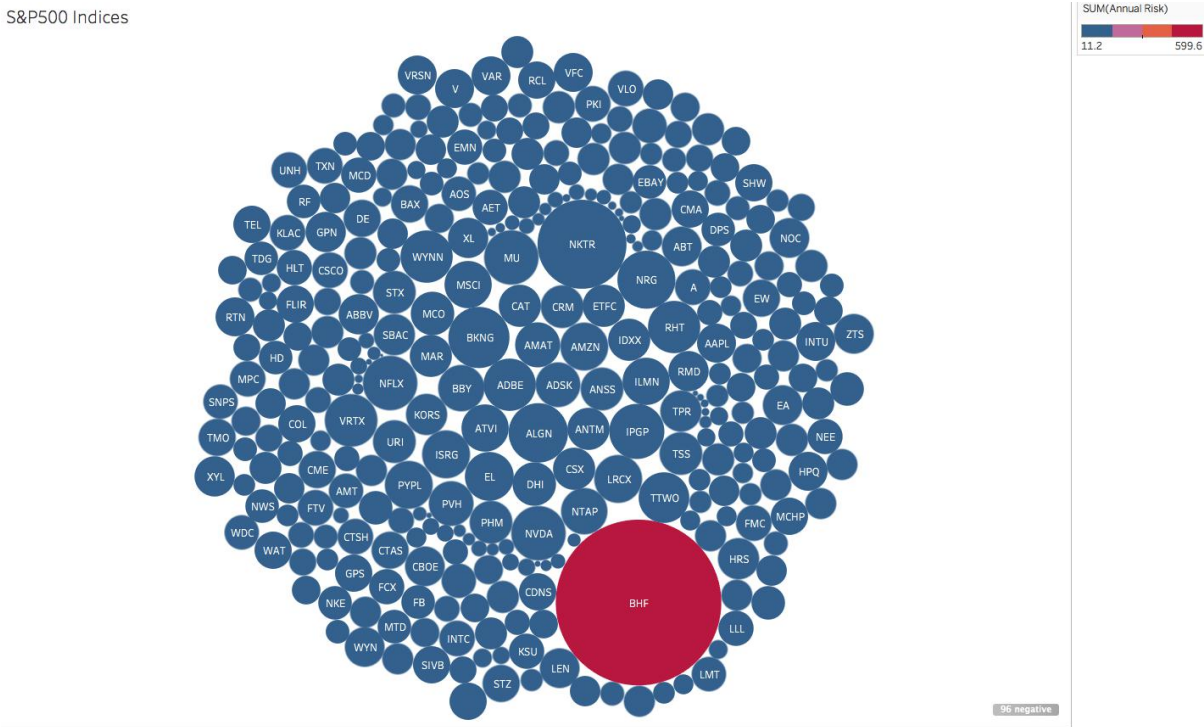

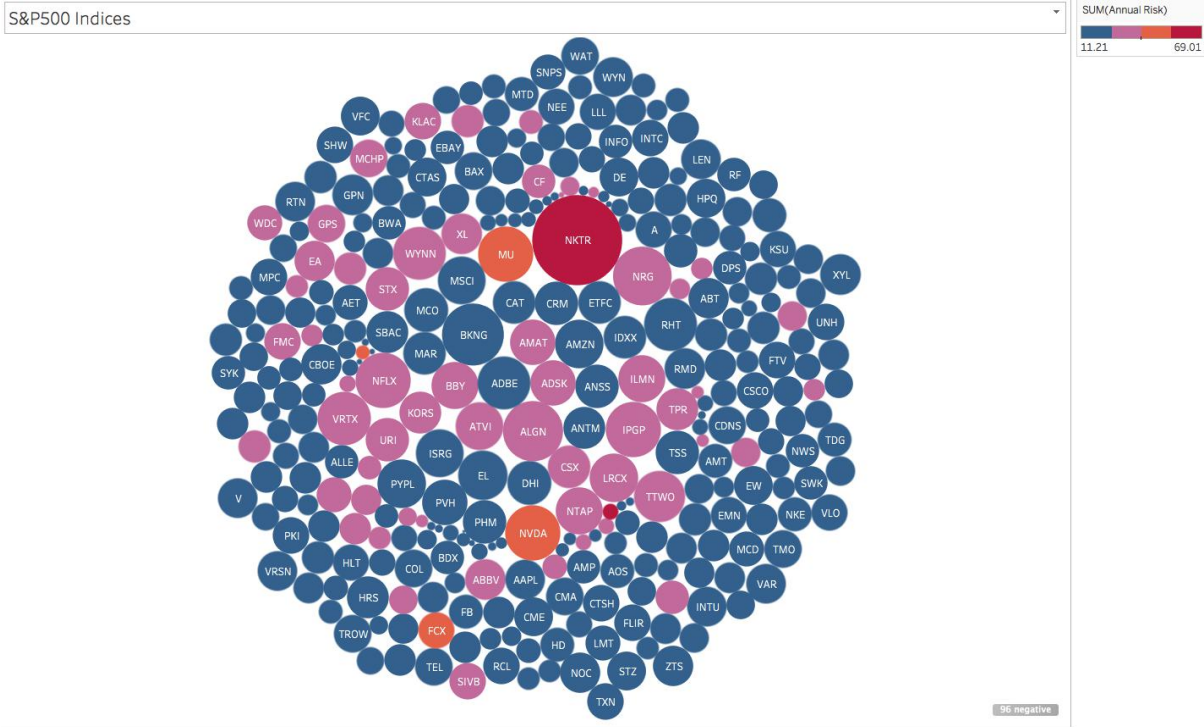

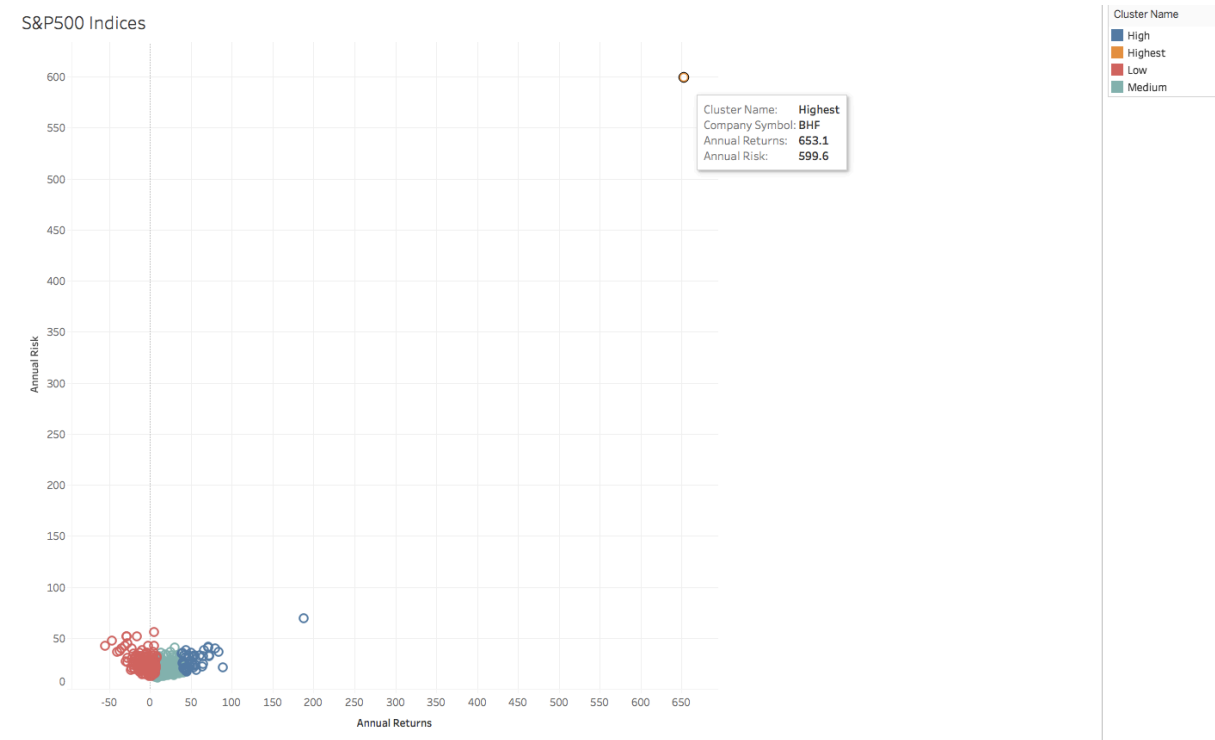

Tableau offers the functionality to remove any data point temporarily. Below is the graph that we obtain after removing the outlier: “BHF”.

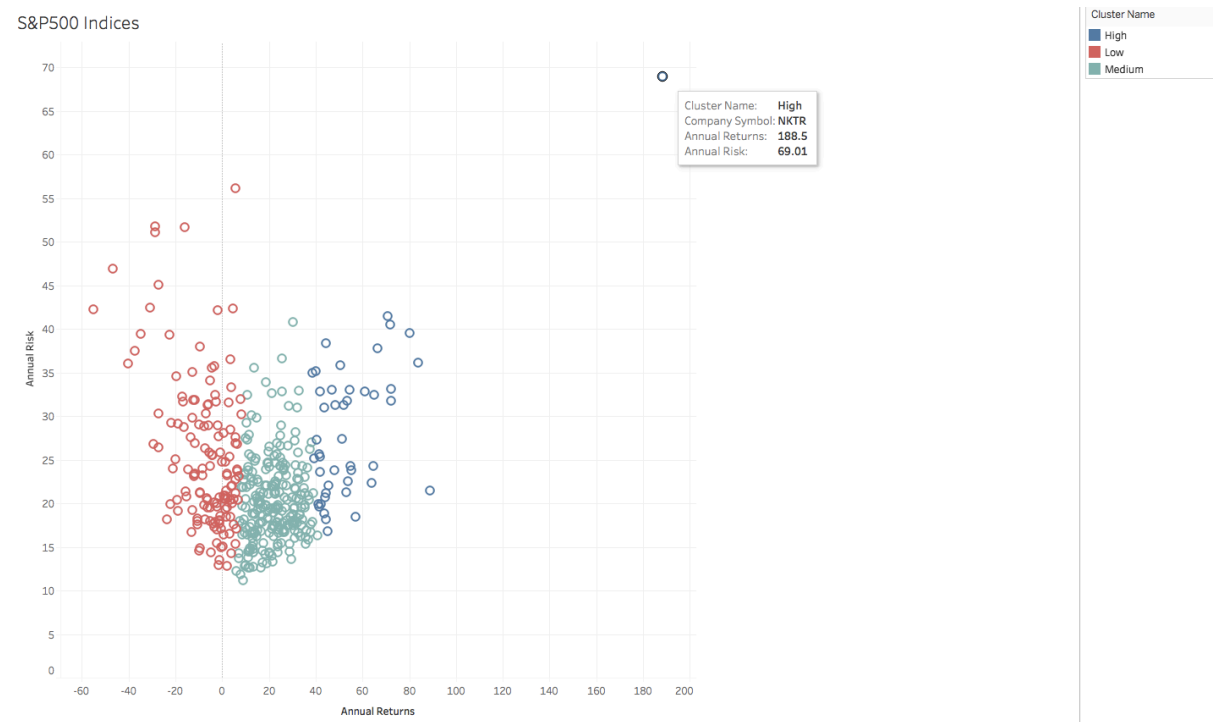

## Scatter Plot:

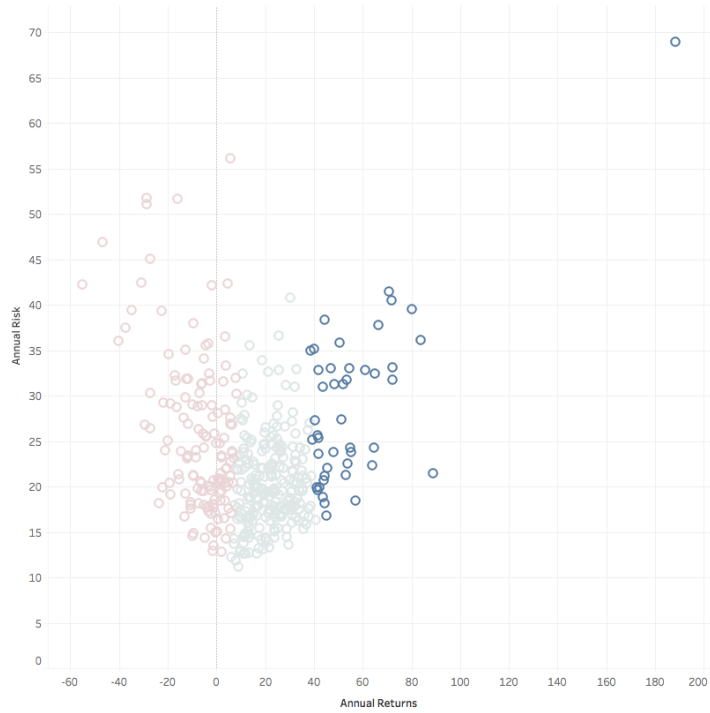

Below we can the scatter plot representation of all S&P 500 companies with respect to Annual Return (X-axis) and Annual return (Y-axis):

After removing the outlier:
